Assistant Commissioner of Public Works/City Engineer

Re: Contract 20160016, PS – Washington Avenue Bridge Structural Sidewalk Repairs
Construction Observation Services, Ayres Associates, Consultants

We have received a Professional Services Agreement from Ayres Associates for Contract 20160016, PS – Washington Avenue Bridge Structural Sidewalk Repairs Construction Observation Services. The agreement is for periodic observations during construction activities, observation of the contractor's progress and compliance to the project's plans, specifications, and material requirements of work being completed, test the plastic concrete for air content and slump, provide recommendations for payment and final acceptance to the City, provide inspector's diary, project photos, testing results, and as-built details.

The agreement is in the not-to-exceed amount of \$7,000. Funding for this agreement is available in Org-Object 14007-52100, Bridge Professional Services.

If the Committee agrees, the appropriate action would be to approve the proposal and authorize the Mayor and City Clerk to enter into the agreement.
