Subject: 2025 Lead Service Line Replacement Project
Bid Review Summary and Recommendations

Dear Jeff:

Attached, please find a tabulation of the bids that were opened on March 11, 2025 for the 2025 Lead Service Line Replacement Project. For this project bids were received from four contractors (Miller Pipeline-Central Region, Mid City Corporation, Five Star Energy Services, LLC, and A.W. Oakes & Son, Inc.).

CDM Smith has reviewed the bids and associated documents submitted by these bidders through Quest CDN and has the following review comments:

- Bids were submitted through Quest CDN.
- All contractors downloaded the addendum per Quest CDN.
- All bids contain the required 5% bid bond security.
- All bids contain the Subcontractor List.
- All bids contain the Affidavit of Organization and Authority form.
- All bids contain the Disclosure of Ownership form.
- All bids contain the State Funding Requirements Acknowledgment.

Based upon our review, CDM Smith has the following recommendations:

1. We recommend that the Racine Water Utility's (RWU) legal counsel review the lowest bid (Miller Pipeline-Central Region) to verify no irregularities are present from a legal standpoint.
2. We recommend that the RWU review the low bid submission and associated documentation to verify no irregularities are present.
3. Assuming favorable results from the legal and staff reviews recommended above, CDM Smith recommends that the RWU award the above listed construction contract to Miller Pipeline-Central Region in the amount of **\$3,117,937.50**, which includes the total base bid price (including allowances), Alternate A, and Alternate B.

Please let us know if you have any questions.

Very truly yours,

Jon Meyer, PE, PMP
CDM Smith Inc.

Disclosure of Ownership

Notice required under Section 15.04(1)(m), Wisconsin Statutes. The statutory authority for the use of this form is prescribed in Sections 66.0903(12)(d) and 103.49(7)(d), Wisconsin Statutes. The use of this form is mandatory. The penalty for failing to complete this form is prescribed in Section 103.005(12), Wisconsin Statutes. Personal information you provide may be used for secondary purposes

- (1) On the date a contractor submits a bid to or completes negotiations with a state agency or local governmental unit, on a project subject to Section 66.0903 or 103.49, Wisconsin Statutes, the contractor shall disclose to such state agency or local governmental unit the name of any "other construction business", which the contractor, or a shareholder, officer or partner of the contractor, owns or has owned within the preceding three (3) years.
- (2) The term "other construction business" means any business engaged in the erection, construction, remodeling, repairing, demolition, altering or painting and decorating of buildings, structures or facilities. It also means any business engaged in supplying mineral aggregate, or hauling excavated material or spoil as provided by Sections 66.0903(3), 103.49(2) and 103.50(2), Wisconsin Statutes.
- (3) This form must **ONLY** be filed, with the state agency or local governmental unit that will be awarding the contract, if **both (A) and (B) are met**.
- (A) The contractor, or a shareholder, officer or partner of the contractor:
- (1) Owns at least a 25% interest in the "other construction business", indicated below, on the date the contractor submits a bid or completes negotiations.
 - (2) Or has owned at least a 25% interest in the "other construction business" at any time within the preceding three (3) years.
- (B) The Wisconsin Department of Workforce Development (DWD) has determined that the "other construction business" has failed to pay the prevailing wage rate or time and one-half the required hourly basic rate of pay, for hours worked in excess of the prevailing hours of labor, to any employee at any time within the preceding three (3) years.

The Racine Water Utility will be receiving Safe Drinking Water Loan Program (SDWLP) funding, administered by the WDNR, for this contract. The following requirements apply:

1. Davis-Bacon Wage Rates applies for all work completed as part of this project. However, to be exempt, the owner must be a “business owner” as defined under 29 CFR § 541.101 and be actively engaged in the management of their business. Davis-Bacon would apply if the owner were not engaged in management but predominantly performs manual or physical duties of construction work.
2. The successful bidder will be required to conform to the wage requirements prescribed by the federal Davis-Bacon and Related Acts which requires that all laborers and mechanics employed by contractors and subcontractors performing on contracts funded in whole or in part with federal funds in excess of \$2,000 pay their laborers and mechanics not less than the prevailing wage rates and fringe benefits, as determined by the Secretary of Labor, for corresponding classes of laborers and mechanics employed on similar projects in the area.
3. The work for this project is subject to all federal-equivalency provisions, “Use of American Iron and Steel” requirements as contained in Section 436 of H.R. 3547, The Consolidated Appropriations Act, 2014, and the Build America, Buy America Act (“BABA”) of the Infrastructure Investment and Jobs Act (“IIJA”), P. L. No. 117-58, §§ 70901-52. See section BUILD AMERICA “BABA” FAQs on page 59 for the EPA memo on “BABA”. Recipients of an award of Federal financial assistance from a program for infrastructure are hereby notified that none of the funds provided under this award may be used for a project for infrastructure unless:
 - All iron and steel used in the project are produced in the United States--this means all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.
 - All manufactured products used in the project are produced in the United States—this means the manufactured product was manufactured in the United States; and the cost of the components of the manufactured product that are mined, produced, or manufactured in the United States is greater than 55 percent of the total cost of all components of the manufactured product, unless another standard for determining the minimum amount of domestic content of the manufactured product has been established under applicable law or regulation.

- All construction materials are manufactured in the United States—this means that all manufacturing processes for the construction material occurred in the United States
- 4. Disadvantaged Business Enterprise (DBE) Program contractors, including MBE's and WBE's, are encouraged to submit bid proposals. If any subcontracting is done, the prime contractor must make a Good Faith Effort to solicit bids from qualified DBE firms, including MBEs and WBEs. Prior to the award the City will be reviewing the Contractor's submittals in order to meet the qualifications under minority-owned or woman-owned business. In addition, the City encourages MBE's and WBE's to submit Bid Proposals

(Contractor to sign below acknowledging the above requirements and upload completed form to Quest before submitting bid.)
