Re: Contract 20160023, PS – 2016 Pavement Inspection and Planning, AECOM,
Consultant

We are submitting a proposal from AECOM, for the 2016 Pavement Inspection and Planning. It includes updating the pavement and associated infrastructure asset data in the City's INFRA/PAVE database. It also includes tasks designed to continue to improve the integration of the City's pavement system with other mapping, asset management, and information management systems.

The agreement is in the not-to-exceed amount of \$83,900. Funding is available in Org-Object 14002-52100, Professional Services, Engineer.

If the Committee agrees, the appropriate action would be to approve the agreement and authorize the Mayor and City Clerk to enter into the agreement.
