Subject: 3 Mile/Erie No Parking

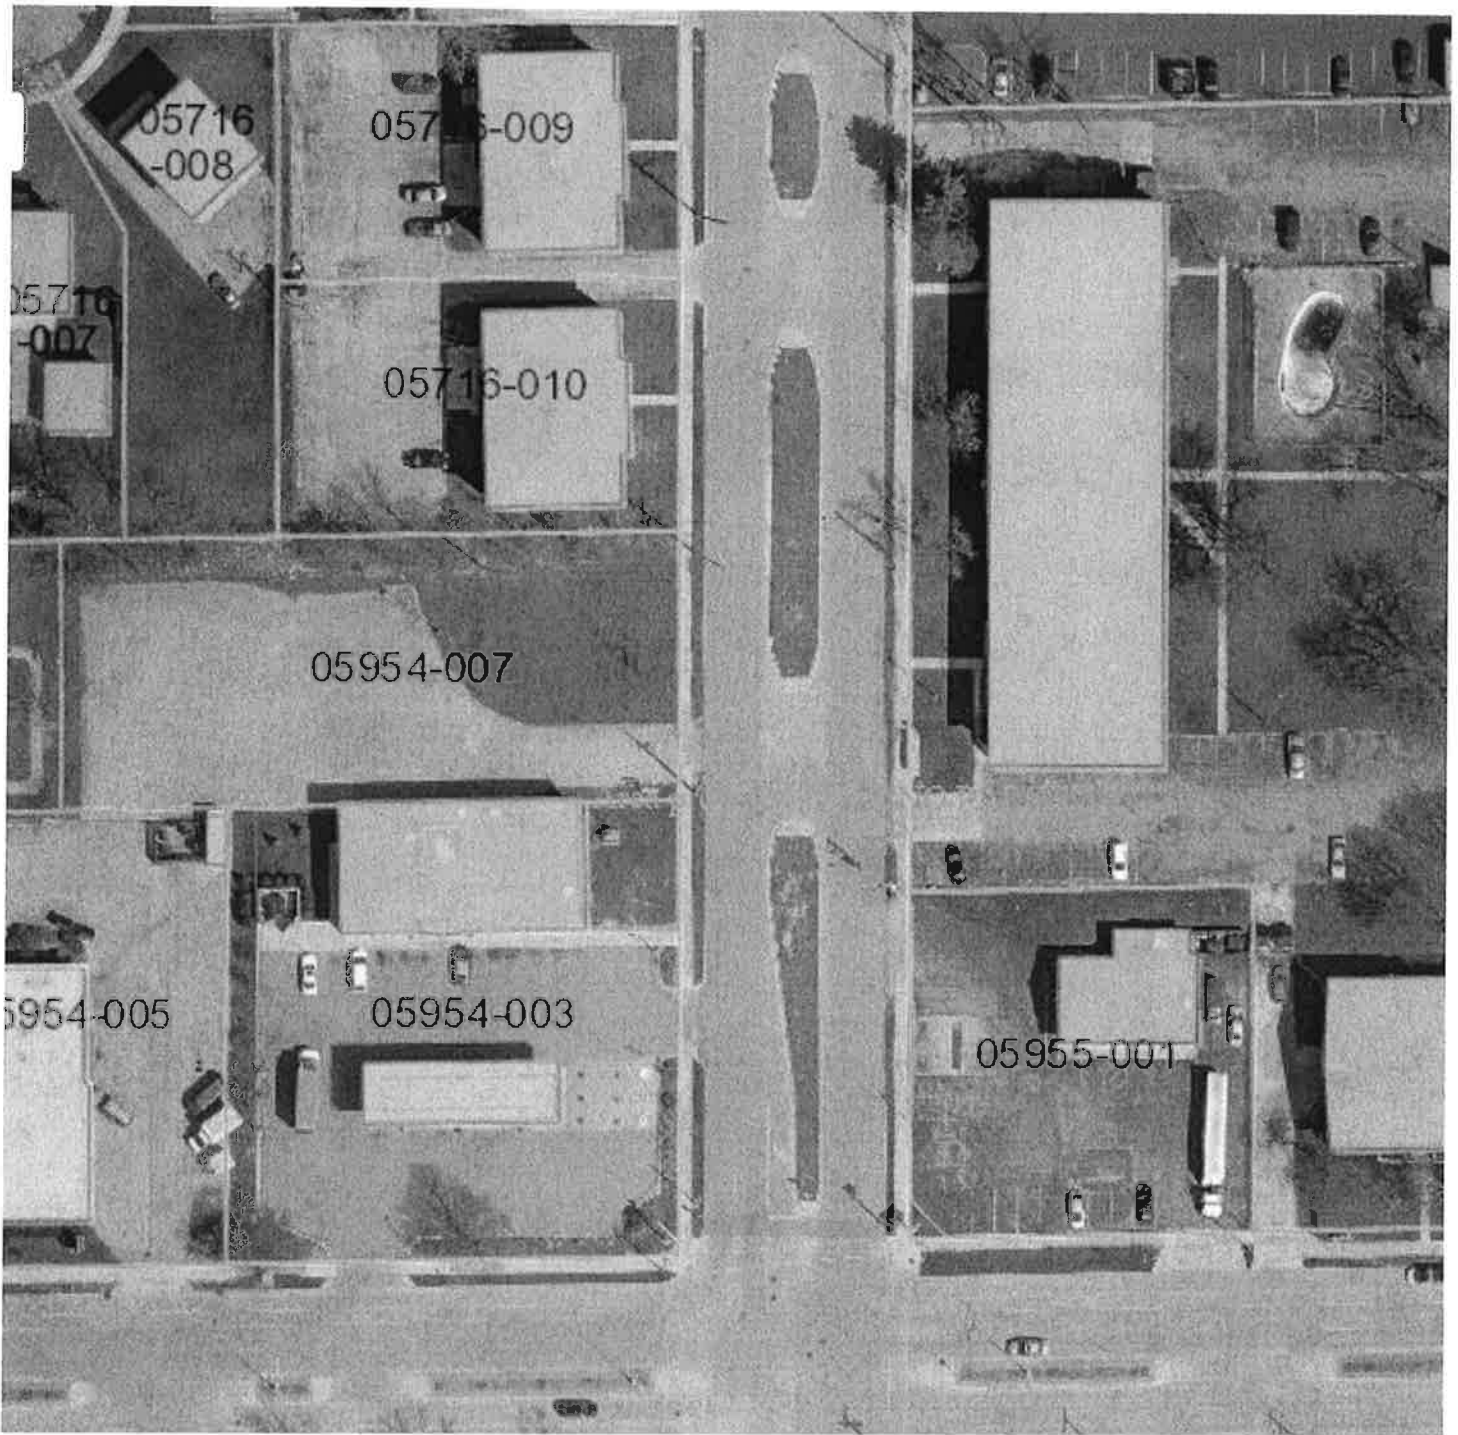

Mr. Rooney,

Can the area highlighted be made "NO PARKING"? It is necessary for fire rigs to pull into this parking lot. A car parked legally makes it all but impossible for our rig to make that turn. A car parked a little forward outside the legal area makes it impossible for a rig to make the turn. I can certainly do a site visit with you or someone from your staff to show the challenge as it currently exists. Thank you for the assistance. Craig Ford

Below: Overview of the area at 3 Mile/Erie
