Dept of Public Works

Dear city council,

The peace of our creator be with you all!

On behalf of the Latino community I come to you to ask you, if it is possible to help us to have the city "stage on wheels" for our International Festival on July 23-24, 2010; at Our Church grounds located at 1925 Summit Av. We have talk to the office of "Parks, Recreation & Cultural services" (with Mr. Ray). We have received the request form and we were told that the price for the stage is \$560 when it is locate in a private property; but if it is locate at public space like streets or parks is \$260. Mr. Ray at the office of Parks suggested to talk to you regarding fees because he cannot help us. We beg you if it is possible to wave the fee or reduce the amount of the private fee.

As general information: This event is free for the community. People will come and will have the opportunity to spend time together as a family. Also, the profit will help to subside the school of music where more than 40 children who cannot afford to pay classes to learn any musical instruments will receive a scholarship.

We trust God that together can form a better Racine!

Sincerely,

Pr. Jhon Freddy Correa

Intern Pastor
