

Mr. Donny Snow  
Department of Parks and Recreation  
City of Racine

Donny,

March 19, 2010

Here is a brief overview of the event.

The event is a team running relay that start in Madison WI and finishes in along the lakefront in Chicago.

Runners start out at 7 a.m. Friday June 11 and will finish in Chicago the next day.

Runners will be coming through Racine beginning Saturday June 12, 2010 at 2 a.m. with the last runner leaving the area 9 a.m. The south parking lot at North Beach area served as the exchange area last year.

Vans arrive into the parking lot area to pick up the runner finish their legs and drop off the next runner before leaving for the next exchange zone.

Over that time period, we expect about 200 vans that will be moving through the exchange area.

Runners are required to wear lighted reflective vests and headlamps during the night portion of their runs.

Each exchange area has AREAS ham operators for emergency assistance.

Runners are aware that the course is not closed to traffic.
