Please refer this matter to the Board of Parks, Recreation, and Cultural Services:

Title: Communication from Alderman Holding requesting that the city accept the donation of a commemorative plaque.

Honorable Mayor and Members of the Common Council:

Three firms, JJR, AECOM, and Clark-Dietz, have offered to donate a commemorative plaque to the city. The purpose of the plaque is to thank Richard M. Jones for his years of service to Racine and to acknowledge his leadership and vision with regard to the Root River and Lake Michigan Pathways. I am asking that the city accept this donation.

I am further asking that the Board of Parks, Recreation, and Cultural Services approve the placement of this plaque along the Lake Michigan Pathway near the Zoo Overlook.

Finally, I am asking that city personnel be authorized to install the plaque and the post. I expect the cost to the city to be negligible, as we install many sign posts every year.

Thank you,

Gregory T. Holding
Alderman of the 11th District
President of the Common Council
Vice-Chairman - Committee on Public Safety and Licensing
City of Racine, WI
