HIV Partner Services Contract

This contract describes a range of activities delivered by specially trained Health Department Public Health Nursing personnel who meet confidentially with HIV-infected persons and their sexual / needle-sharing partners, to provide HIV Case Management Services:

- Referring clients to resources for medical care and other needs;
- Providing follow-up to ensure clients receive appropriate care;
- Offering and / or referring clients at risk for HIV prevention / behavior change counseling; and
- Assisting clients in identifying and notifying sex and needle sharing partners and others at risk.

This contract is with the State of Wisconsin and does not require any City match. Funding is utilized to offset personnel costs to provide HIV Case Management services to approximately 10-14 individuals annually. This is the 2nd year of this contract but minimal funding has been provided through the State for several years.
