City Engineer

January 24, 2024

Alder. Mollie Jones, Chairperson
Public Works and Services Committee
Racine, WI

Dear Alder Jones:

The City of Racine received bids for Landfill Services at 10:00am on January 8, 2024. The bid includes disposal of approximately 28,000 tons of municipal solid waste (MSW) at a registered landfill. Waste Management submitted the sole proposal in the amount of \$41.00 per ton of MSW. These services will start when the new Transfer Station becomes operational on or before July 1, 2024. GFL, our current landfill service provider, did not propose on the project.

Staff recommends that Waste Management's proposal amount of \$41.00 per ton MSW be approved.

The total cost in 2024 will be approximately \$575,000 for one half of the year's tonnage.

Funding for these services is available in the following account:

Org-Obj 14006 52215 Waste Disposal - \$575,000

Sincerely,

Ron J. Pritzlaff, P.E.
Assistant Commissioner of Public Works
