**Subject:** Appeal to Mayor and Common Council

I would like to formally request the Common Council to reconsider the previous decision made concerning sale of a disputed area of Mounds Cemetery within the Great City of Racine.

As has been publicly demonstrated, the area is held in significance historically by the Community at Large. A proposal has been provided to the Mayor, City Administrator as well as family in question.

On behalf of the surrounding Community, Native American Community at large as well as specific Racine residents ; we humbly ask for the opportunity to speak on this subject - addressing the Council as appropriate.

Thank you in advance for your time and consideration.

William Brown
