

**CITY OF RACINE BOARD OF HEALTH
OCTOBER 14, 2014**

DEPARTMENT: Laboratory Division

PREPARED BY: Julie Kinzelman, PhD, MT (ASCP) – Laboratory Director

MONTH: September 2014

Highlights

Date	Meeting	Purpose	Outcome
September 3, 2014	2014 Beach Season Concludes	End of Sampling Season	Concluded the 2014 beach season with 8 advisory/closure days at North Beach and 10 at Zoo Beach. This is approximately the same as 2013 when there were 8 events per beach.
September 11, 2014	Root-Pike Watershed Initiative Network	Wind Point Watershed Plan	Reviewed draft chapters and answered questions as part of the restoration plan development process.
September 25, 2014	Wisconsin Coastal Management Council	Mid-Year Meeting	Attended as proxy for the Mayor, who is appointed to the Council by the governor. Previously funded projects presented updates and the open request for proposals was discussed.
September 25, 2014	Miller Engineers & Scientists	Samuel Myers Park Construction	Met to delineate areas and tasks above the ordinary high water mark where construction could begin immediately and in advance of WI DNR and US Army Corps of Engineers (USACE) permits.
September 26, 2014	Matt Koepnick, City Forester	Samuel Myers Park Wetland Restoration	Met on site to determine what native tree and shrub species would be planted as part of the wetland restoration component at Samuel Myers Park. A comprehensive plant list was requested by the USACE.
