

July 5,2006

Attn: Donnie Snow

Subject: Event staff staying over on North Beach

Mr. Snow,

As in the past, HFP Racing, the event promoter of the Spirit of Racine Triathlon, has stayed on the grounds to watch its equipment in the overnight hours. They have done this without incident for the past three years. HFP does hire the City of Racine Police Department to patrol the area where over \$1 million in bike equipment is stored for the morning race. The crew also wakes up early to set up the course for 7 am start times.

I ask for permission to have these folks stay on North Beach during the event.

Thank you for your time.

Respectfully,

Adam D. Smith  
Sales/Marketing Director
