City of Racine Traffic Commission

To Whom It May Concern:

We would like to request the removal of two "No Parking" signs located on the south side of Melvin Avenue directly across from our Curling Club. Because the Vehicle Emissions Testing Station is no longer operating at this location, these signs are no longer needed.

We often run curling programs during weekday hours, particularly after-school programs for local youth, and would appreciate the increased availability of on-street parking for our guests and their parents.

Please feel free to call me at 262-498-9194 if you have any questions or concerns.

Thank you very much for your assistance with this matter.

Sincerely,

George Oates  
President, Racine Curling Club
