Gary:

Attached is another proposed t/a in response to the issues that you raised. We agree to the change to the word "absent" in Article XXIX. In reference to the HRA provision, I believe that since most of the details will need to be worked out in the MOA, we should just indicate that the parties agree to the creation of the account and will have until 12/31/2006 to work out the details. I believe that this will accomplish what you want and avoid the problem of too many issues in the current provision.

Let me know what you think of this change.

Vic
