Re: Request for Approval of Sanitary Sewer Extension
Spring Trail Condominiums
Village of Mount Pleasant

Dear Mr. Gitter,

The Mount Pleasant Sewer Utility has reviewed and approved the plans for the Spring Trail Condominiums subdivision, a proposed development in the Village of Mount Pleasant, prepared by Nielsen, Madsen & Barber, S.C., dated 1-18-2022.

The extension in question includes approximately 823 L.F. of 8" diameter sanitary sewer and will serve a new 16-unit condominium subdivision east of Stuart Road and north of CTH C. This extension will drain by gravity into the Mount Pleasant interceptor system.

We politely request that the Racine Wastewater Commission approve the aforementioned extension.

Sincerely,
Mount Pleasant Sewer Utility District #1
