Please note that if committee and council agree:

- The Wisconsin Ave. requests are in conjunction with the Two Way Conversion of Wisconsin Avenue Construction Project, and can take effect immediately
- The 18th Street location can take effect as soon as city forces removes planters and add signage and pavement markings.
- The Barker Street is a request of the Racine Fire Department and can take effect immediately.
- The N. Main Street is in conjunction with the Main Street resurfacing project and can take effect when construction has been completed in that area.

There is no fiscal obligation for the City to amend the Municipal Code.

If the Committee agrees, the appropriate action would be to approve the amendment to the Municipal Code as described.
