Recipient Name: City of Racine Council

Title: My Ingress into being an Alderman

**Dear Council**

This is my motion to be considered the position of Alderman of District 11 since former Alderman CJ Rouse resigned. I've talked to him a lot and decided to step up and do my civil duty to help make this city better than it was. I really want to help make a difference in my community and my city. I've always given my opinion to Alderman but why give an opinion when I can help shape the fate of our city. I've lived in Racine all my life and grew up in this vary city.

**Sincerely,**

**Andrew Plocinski**
