To: Alderman Mollie Jones, Chair  
Public Works and Services Committee

From: Ara P. Molitor  
City Engineer

Re: Municipal Agreements – Village of Mt. Pleasant.

We have received three (3) Municipal Agreements for the Village of Mount Pleasant's portion of Assessable Streets Projects. The three sites are Eaton Lane from Rapids Dr. to Romaine Ave., Eaton Lane from Romaine Ave. to the cul-de-sac and Winthrop Ave. from Carpenter Ave. to Gates Ct. Common Council approved the streets through the Public Hearing process on May 17, 2022. The three sites are bordering streets where the municipal boundaries are the centerline of the roadway. The agreements will allow the City to construct the roadways in their entirety and the Village would reimburse the City for their portion of the construction plus 15% engineering and administration costs.

Staff recommends that the Mayor and City Clerk be authorized and directed to sign the Municipal Agreements with The Village of Mount Pleasant.

**Fiscal Obligation:** The Village of Mt Pleasant's pro rata share including construction and engineering fees is \$271,000.00. Funds to defray the cost of the City's portion are available in the 2023 Capital Improvement Plan, Org Obj 40101 57500 – Concrete Pavement Assessable.

If the Committee agrees, the appropriate action would be to direct the Mayor and Clerk to sign and enter into the agreement.
