To: Alderman Mollie Jones, Chair
Public Works and Services Committee

From: John C. Rooney, P.E.
Commissioner of Public Works

Re: Amendment No. 7 to State Project ID 2703-00-02, West 6th Street Bridge Project

We are submitting Amendment No. 7 on the above contract. The primary reason for this amendment is for a no cost time extension to complete the National Historic Register requirements.

The new project completion date will be March 31, 2024.

If the Committee agrees, appropriate action would be to approve the amendment and authorize the Mayor and City Clerk to enter into the agreement.
