Mr. Nate Tillis—Wastewater Utility Director
Racine Wastewater Utility
800 Center Street, Room 227
Racine, WI 53403

Re: Request for Approval of Sanitary Sewer Extension
Pike River Crossing
Village of Mount Pleasant

Dear Mr. Tillis,

The Mount Pleasant Sewer Utility has reviewed and approved the plans for the Pike River Crossing subdivision, a proposed development in the Village of Mount Pleasant, prepared by Pinnacle Engineering, dated 4-13-23.

The extension in question includes approximately 3,524 L.F. of 8" diameter sanitary sewer and will serve a new subdivision west of STH 31 and north of CTH KR. This extension will drain by gravity into the Mount Pleasant interceptor system.

We politely request that the Racine Wastewater Commission approve the aforementioned extension.

Sincerely,
Mount Pleasant Sewer Utility District #1
