EASY LIKE A SUNDAY MORNING

Heavy Pedal Tours proudly operates to promote local businesses, and we are excited to partner with all of the amazing establishments in Downtown Racine.

Our proposed route may seem extensive; however, it allows us to offer unique, specialized tours to our customers, which in turn brings more exposure to our partnering businesses.

Our tours are more than pub crawls. The tours provide family fun without alcohol, food and wine tasting tours, yoga tours, beach exploration, zoo tours, painting lessons, shopping excursions on Saturday mornings that would work like a bus route continuously for 3 hours of hop on/hop off, so visitors can explore the whole of downtown, and good clean fun for teens! Our schedule of tours is also included in our business application.

Please find our requested route as follows:

While we understand that Main Street is considered a highway, I am requesting restricted access on Main as either an alternative route when necessary or if needed, and to cross to access other businesses.

Our current starting point will be near or at Rivers End Marina. We would like to extend our route north to the Zoo for family friendly tours and possible tours within the zoo, as we negotiate those options. I am currently collaborating with Tom Landerman and Ken Kraiser on tours and promoting the Rivers End District that would include George's, Coasters, Michigan Pub, and Joey's Yardarm, as well as the North Beach area. We would focus on using back streets, East of Main: Douglas, Michigan Blvd, Lakeview Park, Gould Street, Chatham Street, Hamilton, Hubbard, Kewaunee, High St, English.

If possible, I would like to use Main Street to cross the bridge into Downtown for a variety of other tours. Once we cross Main, we can turn on State, towards the lake, and again use any and all back roads: Lake, Pershing Dr, all East to West Streets from State to 11th Street; and Wisconsin and College Ave from 11th to State for fish frys at Fox Hole Lounge.

I am also requesting to use the Lake Pathway from 6th Street to the Bridge on Main, as well as Christopher Columbus Causeway.

Heavy Pedal Tours will use Main to drop off and pick up customers at bars, restaurants and stores. We are currently partnered with Uncorkt, Smoked on the Water, Reefpoint Marina, Inmoxicated, and Social on 6th.

Our family/kid friendly tours will stay off Main entirely, except to cross East to West, vice versa. Those tours will also visit Meyer Beach, Divini Gelato, and the zoo.

The Lake Pathway tours will visit the Tiki Bar, feature Pedaling Pirates for kids on select Saturday mornings that will "fight" pirate boats along the marina with squirt guns, and make a few stops for our Paint and Pedal tours.
