To: Alderman Mollie Jones, Chair
Public Works and Services Committee

From: John Rooney
Commissioner of Public Works

Re: West 6th Street Bridge AT&T Utility Easement Relocation.

We are submitting the proposed AT&T Utility Easement Relocation for the West 6th Street Bridge replacement project. The easement is required to maintain their utility that is currently attached to the bridge in this location. The bridge is scheduled to be replaced starting in the fall of 2021.

There is no fiscal obligation from the City required.

If the Committee agrees, the appropriate action would be to approve the easement and authorize the Mayor to sign the Easement agreement.
