Racine, WI 53403

RE: Approval of Caledonia Utility District Sanitary Sewer Extension – TID #5 Sanitary Sewer Improvements 5 Mile Road Sewer Extension

Dear Mr. Gitter:

The Caledonia Utility District has received, reviewed, and approved Sanitary Sewer plans for the TID #5 Sanitary Sewer Improvements 5 Mile Road Sewer Extension. The 5 Mile Road Sewer Extension Project will serve a proposed single family home subdivision located in the Southwest ¼ of Section 16, and the Northwest ¼ of Section 21 of Range 23 East, Town 4 North in the Village of Caledonia.

The 5 Mile Road Sewer Extension Project is more specifically located at the East end of 5 Mile Road and will extend 5 Mile Road East to Waters Edge. The Parcel ID numbers for the involved parcels are 104-04-23-16-021-000, 104-04-23-21-016-000 & 104-04-23-21-021-000. The development proposes the creation of 16 single family homes and a park. All 16 single family homes and the park will be served by this municipal sanitary sewer extension. The proposed extension is 8" PVC and is 1,622' in length.

The Caledonia Utility District is hereby requesting approval from the Racine Wastewater Utility at their April 20th 2021 meeting for the construction of the 1,622' Sanitary Sewer Extension for the TID #5 Sanitary Sewer Improvements 5 Mile Road Sewer Extension.

If there are any questions about this request please contact me directly at 262-835-6416 or abunkelman@caledonia-wi.gov

Sincerely,

Anthony A. Bunkelman P.E.
Utility Director
