Re: Reimbursement Agreement with the City of Racine and Village of  
Mt. Pleasant for WisDOT Project ID: 1693-34-06 Lake Michigan  
Path Phase 4.

We are submitting a reimbursement agreement between the City of Racine, and Village of Mt. Pleasant for the above project.

The Village of Mt. Pleasant has requested that additional work be completed on this project that has an estimated cost of \$93,000. In addition to construction costs, Mt. Pleasant would be responsible to cover engineering and construction management costs at 15% of the estimated construction costs. This agreement will then be in the not-to-exceed fee of \$107,000 and any additional costs for the project will be submitted to the Village for approval, if needed.

If the Committee agrees, appropriate action would be to approve and authorize the Mayor and City Clerk to enter into the reimbursement agreement.
