Assistant Commissioner of Public Works/Operations

Re: Salt Cost for 2021-2022 Winter Season

Attached for your consideration is a communication from Racine County providing for an extension to the Racine County Road Salt contract. The accepted bid for the 2020-2021 winter season was from Compass Minerals America, Inc. in the amount of \$69.93 per ton of road salt. Racine County's one-year extension price per ton as submitted by Compass Minerals America, Inc. is \$72.03 per ton (3% increase) of road salt for the 2021-2022 winter season.

We recommend that the proposed one-year extension to the salt contract, for the purchase of 7,000 tons, more or less, of Compass Minerals America, Inc. road salt for ice control for the 2021-2022 winter season be approved at their price of \$72.03 per ton.

Funding to defray the cost of this purchase is available in Org-Object 14010-53200, Snow and Ice Control - Work Supplies.
