Mr. Mike Gitter, P.E.—Interim General Manager  
Racine Water and Wastewater Utility  
800 Center Street, Room 227  
Racine, WI 53403

Re: Request for Approval of Sanitary Sewer Extension  
The Seasons  
Village of Mount Pleasant

Dear Mr. Gitter,

The Mount Pleasant Sewer Utility has reviewed and approved the plans for The Seasons, a proposed development in the Village of Mount Pleasant, prepared by Pinnacle Engineering, dated 6-30-2021.

The extension in question includes approximately 5,349 L.F. of 8" diameter sanitary sewer and 1,195 LF of 10" sanitary sewer and will primarily serve a large multi-family development and associated commercial development in the southwest quadrant of Braun Road and STH 31. The newly constructed sewer drains directly to the Pike River interceptor sewer southwest of the development.

We politely request that the Racine Wastewater Commission approve the aforementioned sewer extension.

Please contact me if you have any questions at (262) 664-7849.

Sincerely,  
Mt. Pleasant Sewer Utility District #1

  
Anthony J. Beyer, P.E.  
Director of Public Works/Village Engineer
