Re: Operational Analysis and Safety Study STH 32 Reroute

We are submitting an agreement between the City of Racine and Strand Associates Inc., for professional engineering services for the above project. This agreement covers an operational analysis and safety study of the proposed STH 32 Reroute Corridor.

This agreement is in the not-to-exceed amount of \$49,600.00. Funding is available in Org-Object 45040-57530.

If the Committee agrees, appropriate action would be to approve and authorize the Mayor and City Clerk to enter into the agreement.
