

Members of the Council,

I humbly submit my Letter of Interest to act as the interim Alderman for the 9th District of Racine. As Alderman Jung's predecessor, I am confident that I can step in and effectively fulfill the role again.

This representation is particularly important as the Council approaches the budget season. I am intimately familiar with the grueling process and can provide an experienced voice in reaching the best outcome for the residents of Racine.

I have outlined below for you my relevant experience.

- 11 years as 9th District Alderman
- Time on all standing committees
- President of the Council
- Chairperson:
 - Parks and Recreation
 - Public Works
 - Waterworks
 - Wastewater
- Ongoing citizen member of Water and Wastewater
- Long-time member of the Finance Committee (vice-chair), with in-depth knowledge of the budget process.

While I have enjoyed all of these positions, my passion remains the neighborhoods of the 9th District and West Racine. My vision continues to be Racine as the residential community of choice.

When I chose not to run again in 2019, I was ready for more personal time. I stayed engaged, however, on the Water and Wastewater commissions, and I am now eager to return to a greater level of public service. I will ensure that the residents of the 9th District are fully and actively represented.

Thank you for considering my application.

Terry McCarthy
317 West Blvd.
