Re: Wisconsin Department of Natural Resources (WDNR) Change in
Authorized Representative for Responsible Unit Annual Reporting and
Recycling Grant Applications

Pursuant to Wisconsin Administrative Code s. NR 547.02(2), changing the representative authorized to sign and represent the City of Racine – deemed the “Authorized Representative” - in the matter of the Recycling Annual Report and the Annual Recycling Grant Application requires a resolution by the Common Council of the City.

Assistant Commissioner Eeg’s retirement necessitates this change.

We recommend that the Authorized Representative in the matter of the Recycling Annual Report and Recycling Grant Application be changed from Thomas Eeg to the position of the Assistant Commissioner of Public Works.

There is no fiscal impact.
