Subject: 2020 Oiso student visit- July 20, 2020 through August 3, 2020

We remain in close contact with our Japanese partners as we anticipate a visit from three high school students from Oiso this summer. The leadership of the Oiso sister city council informs us that they are proceeding with caution on account of the Coronavirus threat. They are still in the process of interviewing and selecting the candidates and should know by the end of March which three have been chosen.
