The provider was very good looking and she had a 30 year old's body. She was wearing a short dress. The massage was very good after I requested soft to medium pressure. I played with her ass while face down, then played under her dress after the flip. she seemed to really like the OTC play and asked if I wanted to finger her pussy. Duh! Off came the panties and some nice lubed finger work ensued. I loved her small perky tits. We agreed on the tip and she left me completely satisfied. She really seemed to like me sucking on her nipples and I will definitely be back.

Called ahead. She was available. Teasing and fondling on way to room. Surprised a little by raise in prices, but just like everything else in this F'd nation. Her massage is great! Elbows breaking loose knots in back, walking on legs and back, stretching/flexing back. Busy place this afternoon. On the flip she started getting comfortable undressing. DATY and playing her lovely breasts. Another monger walked in and she got me to release some overdue fluid buildup. At that point she went to get some cleaning materials. She came in and asked to say massage over and would make up in future. So ended 15 minutes early. Hence, the service rating. Just have to come back on a regular workday, as a lot of mongers were out. Will have to check on other AMPS in the area for price increase.

She's back. Great massage of whole body. Best massage I've had in GB. Uses her elbows to break up knots in your back and feels so good. Let me massage her. We reminisced about past visits, as she was gone for a while. I got to finger her man in the canoe, albeit over the panties, but still got her to shake. Her breasts are beautiful, nipples tasted great! She climbed on top to give a nice tug on junior. It didn't take long with the playing. She never cheats me on time either. She completed the full frontal massage and flexed my legs and arms.

More Details:

Coco gives a pretty damn good massage, nothing that I haven't gotten before, but it was better than amp standards by a significant amount. The pressure was hard, and the technique she used was more attentive than most girls; she would use her elbows and fists whenever she needed to get deep in a knot, and this felt a little painful, but it was pretty efficient. I flipped, and she worked her way down my body thoroughly. I appreciated that she did this, and the session felt unrushed. When she finally got to the HJ I must say that I was a tad bit disappointed, but it was not her fault in any way. She jerked me off properly, but I guess I expected way too much. I managed to get a proper pop, and I would probably return if I were ever in the area again.

Called and asked for Lala was told she was there so I went in. Greeted by Nana and she said Layla wasn't there. Initially Nana was going to do massage but then Coco came in. I agreed.

Massage was ok, not quite enough teasing for me but it was ok.

On the flip she teased a bit more. Asked if I wanted but only would agree to HJ. It was ok as well, but had better, started to fast for my taste. I prefer a slower longer build up. Not sure I'll go back, but open to the possibility.

Lala's massage was actually really good. Not many places I've been to (not that I've been to all) leave me satisfied with massage and the +. Great thigh massage, she would smile while she occasionally brushed and teased junior, I ran hands under her skirt, she made some very cute faces, and that's what got me nice and hard by the flip.

After about 30 mins or so, I flipped over and she cupped my balls while her mouth slowly gave long, intentional strokes along the entire shaft, licked every inch and sucked the tip shamelessly. Didn't take long before I exploded, no CIM, but a few drops definitely hit her face, she laughed and toyed with my cum, she's not one of those girls that exaggerate and run away to clean it. I also liked the fact that she tried to squeeze every drop out till I was completely drained.

Walked in and gave the door fee. Standard AMP greeting. Gorgeous girl that's actually young, nice ass that was rock solid as any Asian runner girl. Best part was the humongous tits. Mind blown from the start.

One of the best parts was the massage, no oils at first but really good. Then she applied the oil and changed the whole feeling. Much stronger sensation. Lots of teasing, play beyond the typical ass rub. Gave the hanging twins a shake then flipped. }

Undressed down to her panties. Started a HJ that soon evolved into a BBBJ. Deep and wet with slow motions and strokes. Started rubbing her clit OTC while she blew. I was hitting all the right spots, her undies had a puddle by the time that I came. She seemed to be into more since she told me that next time she'll be better.

Nana was decent and agreed to \$100 for bj and then got out the lotion and gave me a hj so i gave her \$40 and she whined.

Nice teases and no talk of tips as I always visit when she is in town. She only is town for short periods now, and I will visit again next week. The hour goes by soo fast.

Her massage was very detailed and thorough, and she worked diligently for her hourly fee. She pushed out many kinks and withdrew a lot of sores simultaneously. She knew what spots to hit and worked many inconsistencies out with ease. Her hands were magical and glorious. Also helped she was very pretty.

We negotiated the HE, and agreed to add a BJ and FIV. Did a 69 to do it simultaneously but no DATY, just FIV.

Never eat parlor poon.

Anyway, she was very talented and engulfed the whole shaft with no problem. I don't think she has a gag reflex at all.

As I got close, she finished me off with her hands. She did a great job and I will most likely visit her again.

You will only go so far one on one. Best deal is 2 girls 1 hr. During my 4 hands sessions I have fingered a nice tight asian pussy inches from my face. Had my ass fingered. Sucked and lick nice young titties. All while being jerked off twice in each session. I have splurged for the blow job which I would not recommend. It doesn't feel good with your cock wrapped in plastic cling wrap and the girls mouth got tired after the first 5 min and she finished me off my hand. Was not worth the \$100! But probably my favorite most convenient parlor. 8 times out of 10 its money well spent. Girls there seem to want to have fun. I usually am allowed to rub their pussy through the panties during 1 on 1 never fingered during 1 on 1.

Going in, I always end up being weary of having the older ladies. I want to walk into one and actually have a young lady waiting for me.

She had me go in room and get undressed. I laid the towel on my backside. After she came in she was lightly talkative because of conversations just outside. Wasn't too private. She eventually got to stroking and teasing my balls. When it was time to flip, she asked me if I was ready. Wanted to know if I wanted BJ. Ended up being CBJ but not very long because it doesn't seem like she has a lot of experience with it. I wanted FS. She said no. She gave a HJ. I could hear another woman getting another man off. At least I knew I wasn't thy only one there for the experience. I really need to find a place with young ladies. Any tips would be helpful.

The massage she gave me wasn't that good, I've gotten better massages somewhere else, I wasn't there for that alone, I wanted more but she wasn't doing any teasing, after she had me turn over I asked for the HJ and she declined, she told me she couldn't do it cause she'd get in trouble, I didn't wanna push for it, just left as soon as I could. Getting undressed and girl who led me in, took the fee, asked if I could wait ten minutes and she would make up for it. I was already mostly undressed, wasn't in a hurry so said yes. Ten minutes later Sherri walks in (not the one who talked to me). Did a bunch of standard suck up ego talk, but have a good massage. On the flip asked if I would like attention and she asks no trouble. After HE, she did facial massage, which I always like, and stretching and dexterity stretches of arms and legs. This place is declining over the last year.

Found this spa when I was driving around and stopped by since I was going to be in the area for a while. Nana is as described, pretty average body but not the worse girl you've seen.

She did a pretty decent massage even though it wasn't lengthy. Used a lot of elbows since she isn't real heavy or strong. Then it was HJ, that was the best part of the performance. Her skills are top drawer stuff. Finished with a strong blast. Sweet with the clean up and good-byes afterward. I'd repeat, and might try to see if she'd go for a second round.

Amy's looks are ok, neither here nor there, but then again, if I'm drunk enough I'm liable to take down pretty much anything that can wear a skirt and get away with it lol.

The massage is a completely different story, it was just what I needed to help me decompress and relieve some stress during this very stressful year we're all trying to get through.

After wiping me down and having me flip over, she oiled back up and took care of jimmy. Again, not the best I've had, but it was fun and I left drained and happy.

Amy wore a facemask the whole time, but no gloves.

Started off well, Amy was even able to pop my back and work out a couple of knots. There was lots of teasing before the flip.

When the flip came, Amy went right to work. No negotiation, and had excellent technique. She did not mind me exploring over her clothes, and even let me grope her perky breasts.

After a while, I had her slow, and she edged me for a minute before I popped. Then the standard cleanup.

Amy then finished the front side massage, had me sit up, and did more work on my shoulders.

I was exploring around and ended up in this AMP. It piqued my curiosity and I didn't have any data that time to check so I took one for the team. I was greeted by the MMS and she was really friendly. After paying the house fee, I headed towards their massage rooms. Coco came in after I got ready and started the massage. She was sensual from the get go and really set the mood right for me. It was time to flip and I got even more excited. My dick was slowly getting hard each time she slid her hands around my inner thighs. Finally, I was fully erect and she gave me the offer. I paid and got the handy. She jerked me off really well while I took the chance to play with her goodies. I took a tight grasp of her ass and jiggled them for a bit. I also played with her titties and tried to locate her nipples while she was fully clothed. She didn't let me feel her under her clothes but it was fine. The tug continued til I released my creamy goodness. I popped a huge load and it was satisfying. Will recommend this place for the handy

I passed this spot otw to my hotel and decided to stop in. Parking lot was empty so I gave it a go. Coco was really nice. Small talk during the massage. Massage was decent. She had nice soft and small hands which made it great for her hand on my rod. She flipped me over and gave me the goods. I had asked if she did more but that was a negative. HJ was pretty fast but all in all worth it. Next time I'm in the area I may have to try another.

Although Coco wasn't the youngest looking girl around she was pretty good looking, she had that milf thing going on for me, I could tell she'd be willing to get her hands on my cock and that was all I was shooting for so I paid for the massage with her and then she showed me to the back. The room was well lit, she had her lotions and stuff ready so I got face down on the massage table and she started working her sweet hands all over me, I liked how she would make it feel a lot sexier as she went along, when she had me turn over she asked me if there was anything else I needed and I asked her for the HJ, she signaled how much and I reached for the cash, then she reached for my dick and jerked me off, she didn't mind me grabbing that ass while her hand went up and down my dick, hell, she even got it on her tits later on. Sooner than later I came, I got some jizz on her fingers and on my stomach, she wiped that off and sent me out that door.

I had my doubts about this place at first but I'm glad I gave it a shot. The place was clean during my visit. MMS was polite and assisted me. I paid upfront for the massage and headed to their private rooms. I got ready and had put some visible cash for easy access just in case I'll be getting some action. Amy noticed and started the massage sensually. She really provided a great massage that was able to get me horny and relaxed. I got her offer for the HJ and handed the cash. She proceeded to jerk me off nicely. No titty play but she let me get a nice grab of her ass. She milked me so well and managed to empty the tank nicely. It was all over in a jiffy and she cleaned up nicely as well. Such a great session from her and I'll definitely return for more.

I had a great time here with Cherry. She's an Asian girl but she's as spicy as a Latin one. Her deep tissue massage was off the hook, cracked a few bones and joints and I can't deny it got a bit painful at some moments, but it was nothing unbearable. In facts there were also moments where it got pretty light and enjoyable, she can have silk hands or stone hands at her own will. Told her to go hard on my legs, they are starting to hurt for no reason, and she dug her fingers into my calves and thighs, I guess that's what pros would do. It really made me feel as new.

I used to try to convince them to give me a HE but I have learned they will always say no. Although I'm short and chubby so maybe I'm not appealing enough. It's not necessary anyway, a great deep tissue massage is all I need to get home happy and physically relieved.

Walked in and talked to mms about the place. Paid for an hour and headed to the room. Karen walked in when I was already on the table. Asked if there was a particular spot I wanted her to work on, and I just told her to focus on giving me a great massage. And boy she did. It was a long intense session, I don't know if she's a CMT or not but it's more than evident she has learned a thing or two over the years. She was rough and hard at the beginning but ended up caressing my skin softly. The whole thing was very relaxing. I had gone there looking for a bj but it doesn't matter. Everyone can unclog my pipes (even myself) but it's hard to find good massages for such a low price. I'm glad she was my provider.

I was really curious about this parlor and had some free time, so I came in. The woman I was assigned to was Caren. She was really sweet, but average looking. Still, that really didn't matter to me. I am fairly experienced with these parlors, so I know first-time sessions don't really amount to much. I was right - it was a nice massage. She did rub me down really good and she would slow down to glide her fingers all around my back. When she rubbed my neck, I swear I could feel her breathing on me.

When she had me flip and start rubbing my front - at one point her tits were totally in my face. I just went along with it. She kept rubbing me all the way down the front of my body she also did a nice job rubbing my legs. She cleaned me up with a towel and got any excess oil off my body. It was a nice time here. Nothing was rushed and I did not see her looking at the clock or a cell phone. I really hope that I get a HE next time though LOL.

More Details:

The front desk vibe was whatever it always was, which is to say the only reason I still bothered was the forum reputation for rotating younger talent through. Anna met me at the curtain, mid-40s, dark hair pulled back, wearing one of those loose robes that tells you nothing and everything at once. Led me to the room and I got face-down on the table, waiting for something that never came.

The massage was a complete joke. No oil, just her palms skating over my back with this weird friction-heavy drag that felt like she was trying to start a fire with my skin. Light pressure down the shoulders, barely any attention to the knots I'd been carrying for weeks. Then the breadcrumbs started - a grazing touch near my thigh, a token brush along my side, nothing that felt natural or invested. Just calculated signals that the real menu was there if I was willing to pay for it. Flipped over and the haggle began, her standing there with the robe hanging open while we argued over the upcharges. Settled on a price that stung, and she let the robe drop. She looked fine enough - that girl next door frame with a chest that filled out the silhouette, groomed clean, but the kind of body that reminded you she'd had kids and a few extra dinners. She rolled the condom on slow, then dropped to her knees at the table edge. Started off with her hand working the base while her mouth took the head, and for a few passes I thought maybe the negotiation would pay off. She got into a rhythm, facing away with her back to my chest, looking over her shoulder, taking it deeper each go until she locked both hands on my head and set the pace. But it was mechanical - that practiced, distant energy that told you she was clocking the minutes, not the strokes. Finished into the cover, she cleaned me off with a towel, and I was already doing the math on whether the naked table access was worth sitting through that dry rub. Came up short.

I was surprised with YoYo. Not only did she fuck my brains out, but she gave an authentic massage. She started with a warm over a towel massage and asked if I wanted oil. She moved off my back, working my sides and arms a bit. Hands were at the perfect spot to feel her tight thighs. I softly caressed her every time she was in range. She moved to the front and worked my shoulders some more. Her personality comes out as we're joking and flirting. She even laughs a little. I loved her massage skills, so I had to compliment her.

On the flip, we talked, and I'd reach up her tiny skirt to feel her nice cheeks with a thong on. We had to reach agreements at 200. I didn't mind because she was beautiful and was trying her hardest. She reloaded her hands with oil and started stroking me. She listens to me when I tell her to slow down. My hands were slipping into her thong and working her delicate areas. She sped up once I started feeling her pussy. Her tits were nice, but I couldn't take my hand out of her panties. She takes everything off and starts a CBJ. I held on to those titties while she sucked me. We went with CG and RCG. I blew my load in doggy. It was worth the money... she is someone that I will repeat with.

Yuyu wasn't THAT bad looking. She was a very nice gal, and I really liked her massage. Now, I kinda felt bad about asking her for a HE. But she was the one that brushed up against my balls making me think something else. It was after the flip, and she probably did it accidentally. I smiled at her after she rubbed my balls, then she smiled back. Made me think it was on. So of course I gave her the credit card slide, right up her ass with my finger. That smile disappeared real fast. She wasn't happy, but I told her I was really sorry. Even pointed at my left nut and told her that she touched me there, so that's why I thought I could do that. She calmed down after a couple minutes and then it was amazing at how fast she switched gears. As if nothing ever happened. I was on my best behavior after that, and then when she finished with me I left without too much to say besides I'm sorry.

youyou is a very pretty girl but she does offer anything in the extras department. The way she massaged my body was incredibly strong. She uses her hands, works my shoulders. Now, I've always enjoyed a good shoulder massage. My ex-wife used to give me the best ones. I didn't get the play I wanted. I guess she fixed my back nicely, fixed all the right parts with good pressures but it's disappoint that she doesn't even get close to my cock. I touched her calf by accident and it seems like she was worried right away. Real friendly girl, and slightly-attractive, but just a good masseuse, and nothing more.

Message was decent. All during I did touch her legs to send a signal, but wasn't getting any feedback from my touching. There was zero teasing, so I did not have a good feeling about any extras. Upon the flip, she started with some lotion on my arms and chest, then moved lower around my pelvic area. This is where the teasing got more and more, as she rubbed the lotion in, grazing my stuff, getting me visibly aroused. But when she got me fully hard she pointed at jr, then at me, and poured some oil on. So needless to say, I had to do it myself. She did massage around my shaft and my balls, but that was it.

Anyway, I guess it's not going to make much of a difference which of the girls is available since this place is purely legit anyways. I came in after work and gym, and gave the provider, youyou, my list of things to work on. I run a lot and lift quite a bit as well so I always have a lot of aches and pains that can be focused on after the full body rub, which I find goes by pretty quick and of decent quality if you ask the provider to work that way. Starts the massage and I try to get some touching in as quick as possible. I touched her leg, she moved away as quick as she could. I tried again and she was just outside of reach. No matter, I will try to use the power of persuasion. On the flip, I ask her and she flat out tells me no. Youyou took care of business and it felt great. We had some communication issues, but by the end of it, I was pretty damn happy with the service.

She was one of the friendliest providers that I've seen anywhere. Gave me a nice massage on the backside, giggles when she is close to the junk. Firmer massage than I wanted, but that's okay. Enthusiastic on the flip when she gets to please me. Maybe a bit too much oil down there but she uses a hot towel to clean me up, so it's okay. She can be a little chatty but her English isn't the best, so it's hard to converse. All in all, a great time and I'll go back here soon.

She asked me how hard I wanted the massage and proceeded to give me a very competent massage (you can tell she has formal training). I told her the areas that needed work, and she worked those areas as well, although she didn't work on my groin as deep as I would have preferred. She put on a couple of hot towels to keep the heat in a while doing my lower half.

On the flip, she draped me but loosely. She did my scalp and arms, then started on my thighs. I made sure my junk was visible and rugged on it a little, which prompted her to ask if I needed help...silly question! She stroked me with one hand, then two put her back to me, and finished me off. I got to feel her very perky ass over the clothes...didn't try under as she was wrapped a little too tight. After finishing, she ended the session about 8 minutes too soon...oh well.

Discovered this place running errands in the area and since I had spare time I decided to venture in and see what I could find. Glad I did, I was greeted right away and my masseuse was a friendly and sweet lady. 40 something, with a slim and nice body, said her name was Cici.

The massage was great. I don't know if she had a license or not... but she knew how to address every stiff muscle, knot, and kink of different parts of my body and applied the right pressure. It was a very solid massage.

And, on the flip, I got my release! It was a bit mechanical but she allowed me to fondle her butt as she stroked Jr. The negotiations were straightforward, no haggling. And she helped me clean up, gave me a head massage, and when the session finished, Cici offered me a bottle of water and a cookie. All in all, this place provides attentive service and makes sure their customers go back to them.

A pleasant forty something Chinese lady met me at the door, and escorted me to a room. I undressed and laid face down on the table. She came in and gave me a rather mediocre massage for about 15 or 20 minutes before the flip. The more mediocre the massage, typically the more likely there's a HE in my future.

She offered HJ, but I asked for FS. She resisted that, but didn't say No. I produced my own PPE to help remove the obstacle to getting what I wanted. She started negotiating then, and we settled on a tip.

I left satisfied.

I'd like to elaborate more, but I would just say that I left very happy. O was greeted by Mary when I walked in. She appeared to be the only lady at the spa at that moment but said the other gal was having her lunch break. Collected the fee for an hour and walked me to one of the rooms and left so I could "get comfortable". Had a GREAT deep tissue massage when she came back in that, halfway through the massage had some teasing and hints and, on the flip, Rose was very attentive to me and took care of the areas I told her needed extra attention. Removed the oil once we both were done and I tipped her accordingly to the service she delivered. Gave me some candies and a bottle of water on my way out. She's a very sweet provider, older but still very attractive and eager to please. I'll be coming back.

This woman has really strong hands and she made my back turn into Jell-O.

When she told me to flip, I did and I asked her for a release?

\$40 and she was whacking away at my beanpole.

I rubbed on her tits, but they were not that big, but still, I had a nice time rubbing on them.

She made me blow really hard.

Cleaned me up and I left feeling excellent.

Loved my time here and I will come back.

She gave me a massage that was "innocent", except for all of the times that she kept bumping the side of my shaft. She also was breathing on me a majority of the time. I left here knowing that next time will be better and Mary pretty much told me that she was going to "please" me even better, so...more than likely I will slide through here again in the near future.

Don't front these therapist off by posting intimate details because you think it will help. Cops read these reports also.

New gal here. I don't ask or report names.

Massage was great. Not just putting massage oil on you and moving her hands around... but actually massaging.

I drive big rig and after 7, 8, 9 hours of bouncing around, I look forward to a real massage. Sometimes gals just rub all oil over you. This one gets your knots out, uses the right amount of pressure. It was around 20 degrees outside and the room was warm. I tipped 50 bucks and will be back.

Mary is very very gregarious and attentive; she paid much attention to my body and all was legit, I guess this place use to be different. Read some reviews and well made it here with some expectations. Anyway, I just let her take control of the session just to see what's up.

On the table, her skills are quite impressive. She has techniques that prove her worth, as she gets deep into the grooves of your skin and works out the inconsistencies within your muscles and tendons. Feel absolutely amazing, despite the lack of teasing and HE.

Overall, I'd come back for another legit rubdown, but there isn't anything extra here for me, so I might just check out another joint in the area.

I still didn't get her name, but the massage was great. Really was. I fell asleep. My shoulders were sore and she worked the knots out. I don't make an ass out myself and try to touch the gals. They know what to do and I just let them do their thing and keep my mouth shut. Tip says it all.

I went to that place across from the fire station before coming here and actually left half way through the massage. I guess YMMV.

You went to Yu...thx for the interpretive review.

nadeensabich:
Yeah traveler500, what was wrong at Yu? I've been thinking about trying it there again after having a poor experience there when they first opened. Care to elaborate on your comment?

09.16 2019

traveler500:
I'd like to elaborate...but pass. Cops read these reviews also and details bring problems. Tip says it all. YMMV. No tip or 5 buck tip..says it all just like a 40/50 tip. The days of FS seem gone in this area..mostly rub and tug...40/50 tip. The place across from the fire station...just reopened...and even before...no FS. If she has seen you a few times...you might get a great massage. New customer...doubt it... I don't do PM's as the last few times it was cops playing me...

09.17 2019

nadeensabich:
Thanks for the feedback. I did get an offer of FS at Yu before the crackdown and as you can see by my review it wasn't a good experience. I found your comment about PMs interesting. That is why I only PM with others that I know are trustworthy and veteran posters. It is always smart to be cautious and safe in these endeavors.

09.21 2019

traveler500:
Some, disgruntled person, made an error. Posted, non e.. All I can say is, YMMV. I know a number of mongers who have no issues. I've gone to other places after reading the reviews and no luck even though others did. All places, YMMV.

Apparently previous employees were not licensed. City closed the place down.
 From what this new employee said, she is licensed and city hall gave her the green light. She has a State of Iowa Massage therapist license.
 She seems very outgoing. Massage was above par. Very good. I had to wait about 15 minutes while she finished up with another monger. It was worth the wait.
 I'll be back when in town.

I got just what I needed from June at this place, she was the girl that I got for the rub and tug session a few days back, when I walked in I met with the MMS, she sent me in with this girl, she was ready to go in one of the rooms in the back, she had her stuff ready and when I got down to just the towel she got started with me, she was cool, we had a little chat as she began massaging my shoulders and my lower back, she made that feel good, i needed a massage too so I liked her skills. When she had me flip over she told me she was gonna make sure I left feeling pretty relaxed and in a good mood, she got her hands working on my thighs and she was giving me a woody, I rubbed her booty and she smiled, she asked me if I wanted the hand job and I went for it, the towel was off and her hands were on my cock, stroking me nicely up and down, she even used a well lube finger in my crack to rub my prostate and I liked that, when she took her top off I could feel those very small tits and they were not bad, not huge by any means but they felt good, I held in my load but sooner than later I spilled that cum all over her fingers, she wiped me clean and then she thanked me, I got ready, thanked her and then I was gone

I visited here a few weeks ago and saw everyone's favorite Kiki for a fun session with CFS, but when I returned a few days later she was gone. The neon sign outside has been off for weeks. I was beginning to think that the new Russian Orthodox Church next door got the place closed. But today, I drove by the place and the neon sign was on. I was hoping that Kiki was back, but no such luck.

More Details:

Today was June's first day. She seemed a little nervous, so I didn't push it too much. She's not that attractive. Neither was Kiki, but her peppy personality and the extended menu made up for it. But June is a very nice older Chinese woman. Her English is pretty good. And she gives close to a CMT massage. I started telling her how I needed a woman's touch, and she began to tease a little. She began playing with my anus and giving me a prostate massage, which I don't love, but I let her keep on going to see how much she was willing to do. On the flip, she covered me back up and I thought, well this isn't going to be much fun. She sat down on the end of the table and began to massage my legs and she moved my towel enough to expose my erection and she started playing with my balls while massaging my legs. She teased me for a long time. Eventually got up to get oil and gave me a nice long HJ.

More Details:

I avoided this place, even though it's close, for some time because I had a terrible experience with the last masseuse. I saw a new woman so I gave it a try. Leda from Shanghai. Wearing yoga pants. So-so English. She talked me out of the table shower because she said there wasn't any hot water. That should have tipped me off. I asked for a soft massage. She understood me, but ignored me. She manhandled me like a Russian wrestler. No teasing. No talking. Impersonal. On the flip, she pointed to my cock and asked if I wanted a HJ. She said 60, and I hate talking money in an AMP. Call me lucky, but 90% of the time there is no negotiation. I ask, and tip at the end based on what she did. I settled on 40, and it was a ripoff. She gave the worst HJ. Didn't look at me. Faced away from the table most of the time. I didn't climax. I just told her to eventually stop and get me a hot towel. There are some very nice spas in QCA with wonderful ladies. CROSS THIS ONE OFF THE LIST.

I've had over 100 massages in the area, and I would have to rate this my worst experience to date. Kiki and Yang are both gone. This old woman doesn't speak a word of English beyond how many dollars. I couldn't get a name out of her either. She looked frumpy as hell. The massage sucked. She slapped my hands if I came anywhere near her. On the flip she immediately asked about a tip of 40. I don't know why I agreed because I wasn't even hard at this point. She gave a half-ass tug. Had her back turned to the table half the time not even looking at me. Will not go back until I see another masseuse in the doorway. This is a one-woman spa. They've never had 2 women working at once. So don't expect better luck until this woman leaves.

The most unstructured massage I have ever had. She went from head to toes with out massaging the body 2 times during my hour there. She wanted to massage my face 2 times. I told her my legs needed it more. She needs to watch some you tube videos on how to do massage. The "masseuse" poured the oil on, the hot towel couldn't begin to remove it. I smelled like a french whore house when I left. These gals earn most of their money from tips, I am told. I should have stifed her, on the tip.

She doesn't wear any panties under her pantyhose so I love caressing her during the massage. Now she doesn't pull away. I don't try much more because aggressiveness makes her uneasy. I learned that she's a former Chinese Army commando who escaped China. I'm not about to find out what she's capable of. She gives a good handjob without hesitation or discussion. I tip extra for all of the shameless groping. I love that I can play with her pussy through her pantyhose.

Despite what I've said on the details before, this session felt rather decent than extraordinary, 'cause, well, everything's starting to feel the same to me, and the boredom that has taken over these MPs are killing me. I'm annoyed that every time I visit I end up with women that are all the same bunch of crap: Asian, small tits, small ass and little motivation. Yang began working on me sort of pissed off; she wouldn't even reach the parts I like the most; however, let's say she improved like a 20% when Yang began tugging my large sausage. Sadly, I had no more fun than that; I played with her ass though, but I wouldn't tag it as a fun thing. Anyways, I cummed, and that's what truly matters.

Enjoyed the massage very much actually, would come back for that. She's thin, but not really attractive. I'm a newbie so maybe I expect too much. She was obviously trying to make it known that more was offered but her English is really bad so it was hard to understand her. After a few awkward gestures after the flip, she offered HE for 60, I said I had 40 and she agreed. It was pretty good and she actually got me to pop which isn't really easy.

I had a nice quick pop at this AMP with Kiki, she was the girl i got sent in with when I stopped by a massage here, she was available for a walk-in and I hate waiting so I went for it, I paid the lady at front for the session and then we headed on over to where they have a few rooms, the room was nice, didn't smelled and seemed clean, I stripped down and got ready for her routine massage which in reality wasn't that bad, she massaged me in a very nice and at times sensual way, her hands felt soft and about 15 mins into it she asked me if I could flip over to work on the front, when she did she worked for a few minutes on my chest and made her way down to my legs, I requested the HE before our time ran out and she told me how much that would be so I reached for my wallet and then she reached for my cock, I like how she moves her hands when they stroke you, she has a nice little twist when she's coming up that feels good, specially when she added more lotion to it, eventually it was too much to bear and I dropped my load all over her hands, felt great, she cleaned us upa nd then I got my shit together so I could hit the road.

I like coming here cause you know what you're getting and they know what you want, normally with Kiki you get a nice massage first and then we move on the fun stuff, she won't do any other services like CBJ or CFS but the HJ she gives out is just right and is pretty much all I need when I lay on that table with my hard on, she oils up very good and starts slow to end fast, she pays attention to the boys too and plays with them which is a sensation that always pushes me to the edge, when I came it almost shot up to my face, she got a crack outta that, nice service for when you're on the go.

The MMS helped me get in here even without an appointment as she did have a slot when I walked in. Sen had me in a room with Kiki and 30 something that had a fantastic ass that was round and one you just want to grab!

The massage was good and very relaxing that helped me a lot feel more comfortable with her. She got my back and my neck that I told her was really been bad for me lately and worked out a few kinks I had in them. She was being a bit professional and when I was turned over and worked more on my neck and feet and then asked if I wanted the "Extra" and I nodded and she oiled up my cock and started to stroke me a bit and gave me a nice tug that lasted a few minutes and cleaned me up after I busted by nut.

MMS was nice enough to get me a room and a girl. Place was comfy enough, I had no trouble relaxing thanks to Kikis magical hands. She worked her hands around my back legs and neck, on the flipside she got tension off my shoulders, head and chest. I thought we were all done but then she offers an extra, I was ok with it so I let her grab my member and stroke it till I cum on my stomach. She grabs some towels and wipes the semen off. She was very cool and professional all the while, it really helped me in the end.

I have to say that this probably wasn't the best session, but it wasn't the worst. My girl did a nice job doing the massage and everything, but when it came time for the whole HE, she would do it, but she did not want me touching her body at all? I told her that I would be respectful, but she said she just doesn't like to be touched. I had to lay there during the HE and just keep my hands to myself. She did however do a good job jerking me off, because her grip was phenomenal and her technique was amazing. By the time she was done, I was completely drained and very happy. It was just the whole touching thing, kind of annoying.

I would come back here again, but I think I need to check out the other girls that work here. I might be able to find one that will let me rub on her tits.

The parlor looks good. Kiki introduced herself to me the moment I walked in, really cute woman, she seemed a little shy so it added on to the cuteness factor. Paid the fee and i was escorted to the room with her, she helped me undress and laid down on the table while she rubbed her hands with some oil. Her back rub was terrific, she likes to give a hard massage and then mix it up with some delicate touches that made me hard as hell. She was ok with me playing with her tits and grabbing her ass, huge plus for me. she kept at it until I was satisfied with my back, on flip she grabbed my rock hard mace and gave me the BEST HJ I've had in a looooooong time.It was great and I felt amazing. Blew my load after a few more tugs and she got some towels and cleaned me up. I left a tip and we chatted a bit before I left, turns out she's great company as well. Kiki was too good and I'm coming back soon.

Kiki has a very bright personality, so the session was very exciting. She gave me a really good back massage. Lots of pressure and oil. I was very relaxed by the time she was done. She also woke up my cock, so by the time I flipped - it was HJ time. She got started by putting just a little bit of oil on my cock. That made me almost shiver because her hands are so soft. She was going up and down my shaft at the same time she was going in a circular motion. It was very hard to ignore. I was feeling her body a little bit. She is just a bit too skinny for me. That was okay because in no time she had me ready to burst. I came really hard. She got me cleaned up and I left. This is a parlor worth checking out.

TS not great here although she did know where to lather and rub. Massage mediocre but not terrible. On flip she knew what to do. Was able to freely roam with my hands. She brought me off like a pro. Possibly more available if you want it with her. I'm unsure I do. However what I went in for was accomplished. Just wish she showed more energy and personality. Former FS girl too old so now doing massage? Just a guess. If your sole interest is a HJ it works.

Now I'm not as brave as some of you mongers out there. Not into the BB thing. But hey whatever floats your boat...

I called ahead and made sure that Lucy was there when i got there. Then I paid MMS, she took me to a room, and told me to strip down. Lucy got there a minute later. Parted the curtains and entered my room. Didn't like the fact that privacy was at a bare minimum. Oh well. Lucy and i had a little discussion about the massage. Told her taht i was looking for a medium one. She got the message, and then delivered a good one. Turned me over, then we talked about hjs. No mention of pricing.

Got my dick oiled up, then left one hand on the shaft, while the other one was playing with my balls. Kept looking at me to make sure i was doing good. I know i was...

Took about 10 min or so, but i finally finished all over her hands. Got me cleaned up, i got dressed, loeft her the tipl, and then it was curtains. Left a very satisfied man.

There seems to be high turnover here. I've stopped by a few times this year; each time a different pair of girls. Last time I was met by a girl wearing a frock-type thing, didn't stay. But this Lucy chick was wearing almost some black prom/tutu dress type thing, and really surprised me with all the extras. Biggest issue: no privacy. Thin curtains and half walls, bright/echoey space; you hear everything. No yumyum sounds allowed.

I thought that this place would be giving it up. Sure seemed like it. Not too many reviews though so i felt like it was a true 50/50 shot. We can't get tails all the time though...

Kim was very pleasant as a provider though. She did a great job on the masssage and was friendly throughout. We chitchatted our way through the whole session. Even when i asked her for a HJ, she was still gracious and nice when she rejected me. And she still massaged my chest and face after the question. Now, i would like to come back here. But i have a rule, if i get rejected once, I wait until I hear confirmation that this place is back and providing the HE. So I am going to wait until that time comes.

Gotta love these new AMPs popping up in the Quad Cities. (At least in Davenport) Fresh, clean facilities with enthusiastic providers. Efficient, and accept reasonable (modest?) tips.

I prefer morning sessions, came in and had a choice of two young, cute, very petite providers. Both wore perky, tight shirts and shorts. Chose Kim-30 minute session, figured if I liked id come back for longer sessions ltr.

Asked what kind of session, I always say 'soft/sensual.' After fifteen minutes of nice backwork with abit of assplay and oil, flipped over. Brief chest rub, then onto a nice job of greasing the hog.

I went up the shirt 2-3, each time facing mild resistance. Seemed more sensitive than a boundary issue, so I went light and proceeded to finish. Cleaned up, hug goodbye with a request to comeback and left. Great session, worth the trip. Keep your voice/noise down due to open rooms, otherwise np.

Great warm service with a table shower then a great full nude massage. However I did wear my cock ring before entering the business, so I assume they knew just what I was looking for and I did not have to ask. Had a wonderful time there and left very very satisfied.
